Remark on position of jib sheet lead point

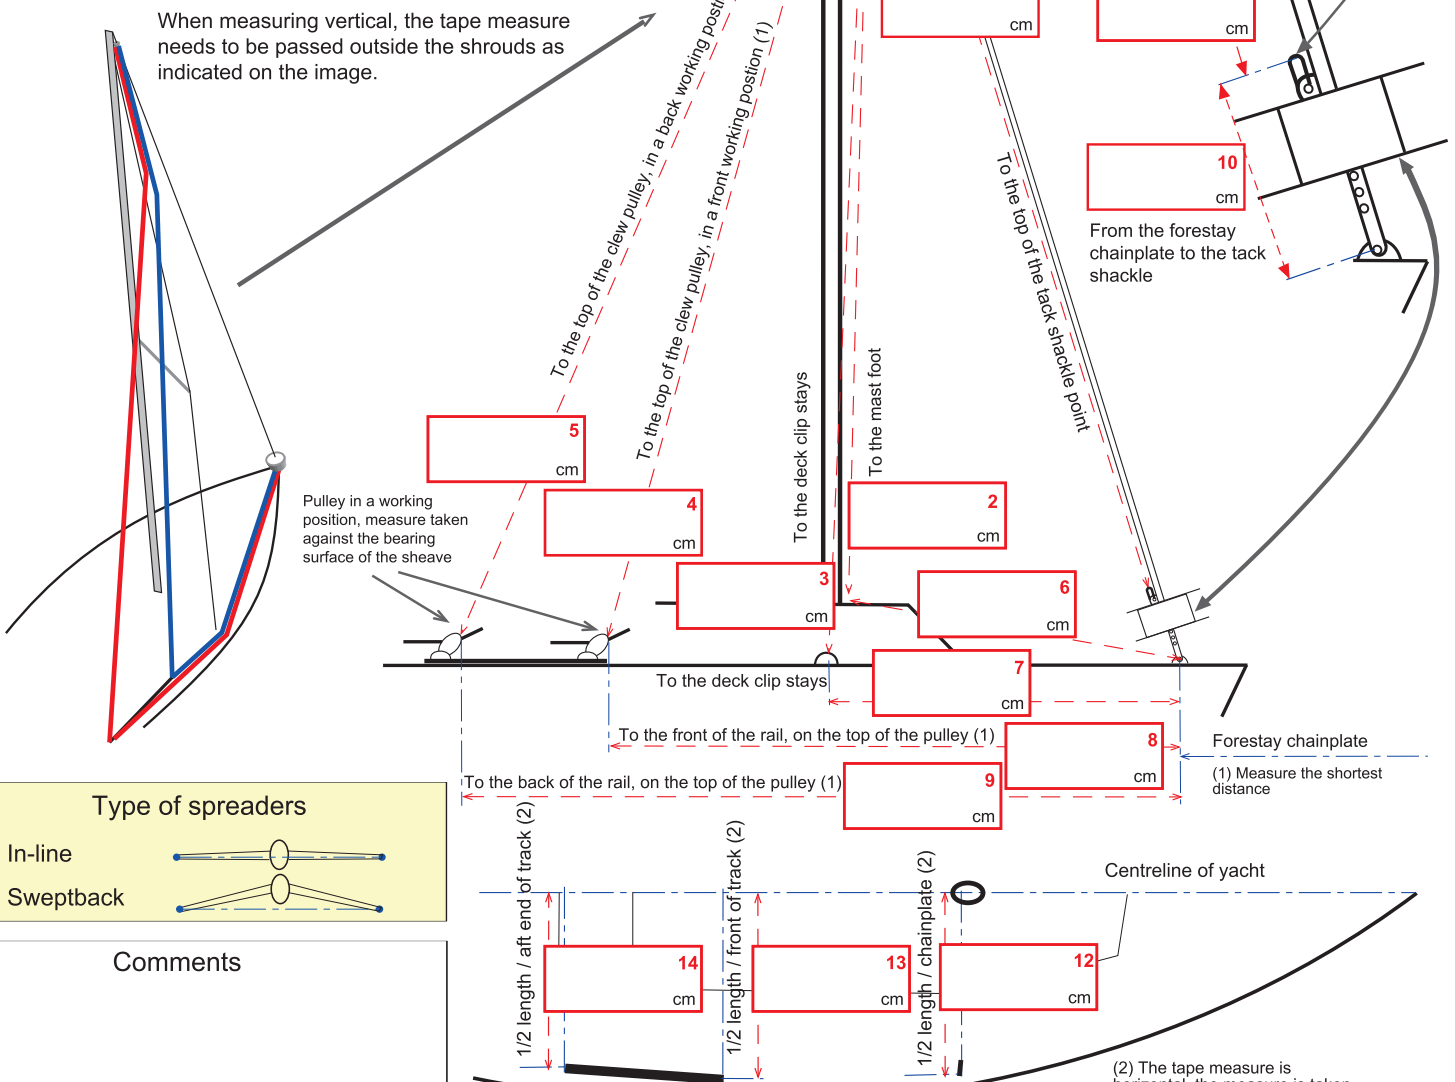

On the coachroof Fixed point Track
 On the deck No track

To estimate the measurement there is no need to climb into the mast. You just need to hoist the swiffel with a tape measure plus a drop line fixed on it's end.

Tack shackle

Are the mesures has been taken with the tack shackle in position ?
 yes no

When measuring vertical, the tape measure needs to be passed outside the shrouds as indicated on the image.
